**ORDER:**

The Hon'ble Supreme Court of India in its Judgment dt.12.6.2009 in C.A. No.887/2009 held that it becomes necessary that the recommendations made by the Raghavan's Committee be implemented immediately, in view of the recent incidents of ragging which have been surfaced.

2. Based on the above judgment, Government have issued detailed instructions vide G.O. 2<sup>nd</sup> read above. One of the instruction in the said Government Order is regarding formation of State Level Monitoring Cell which is as follows:-

There should be a State Level Monitoring Cell at the level of the Chancellor of the State Universities, who may also coordinate with those of the Central Government institutions located in the State in which the Governor has a defined role under the relevant law. Governors, in their capacity as Chancellors of State Universities, can leverage the influence of their office to ensure that the State Government as well as the university authorities are suitably instructed to be alert in regard to ragging. The involvement of Governors would also ensure that the autonomy of institutions of higher learning is not compromised. In addition, Governors of State are associated with Central Universities in their role as Chief Rector / Chancellor etc. and can oversee the function of coordination where required vis-à-vis the office of the President of India in his capacity as the Visitor of the Central Universities and also the Central Government in the Ministry of Human Resource Development. The State level Monitoring Cell should receive periodically, and at such frequencies that it may lay down, status reports from the University level Monitoring Cells and Districts level Anti- Ragging Committees."

3. In compliance of the above direction of the Supreme Court of India, Government has decided to constitute a State Level Anti Ragging Monitoring Cell with the following persons:-

- 1) The Chancellor of the State Universities -- Chairman.
- 2) The Chairman, A.P.State Council for Higher Education,

Hyderabad -- Convener
